

CO 23, Hydraulic Cut-Off Saw

Description:

The CO23 Cut-Off Saw is a hydraulic powered saw for dimensional cutting of metal, concrete, rock, masonry and coral. It has a high torque gear motor and 10 inch blade capacity for abrasive and diamond wheels with a 1 inch arbor. The CO23 is designed for underwater operation.

Features:

- Integral Stanley Hyrevz gear motor produces high torque
- Direct drive motor
- Stainless Steel spool and fasteners
- Adjustable shoe for precise cuts
- Interlocking safety trigger
- Cast aluminium handle and guard for durability
- Counter-clockwise rotation

- Painted hi-visibility yellow
- Wide flow range

Specifications:

Capacity: 10" / 25.4cm wheel
 Performance: 3275RPM @ 15gpm
 Arbor: 1" / 2½cm
 Circuit Type: Open Center
 Flow Range: 10-15gpm / 38 57lpm
 Optimum Flow: 15gpm / 57lpm
 Working Pressure: 1500 - 2000psi / 105-140bar
 Full Relief Setting: 2250psi / 155bar
 Weight: 23lbs / 10.4kg
 Length: 19½" / 49½cm
 Width: 11" / 28cm
 Hydraulic Ports: -8 SAE O-ring
 Connection Size and Type: ½" Male Pipe Hose End
 Hose Whips: Yes

SOC series, Swirl-off Tool Barnacle

Description:

The Barnacle-Off tool is used for underwater cleaning and removes mussels and barnacles in half the time. It removes heavy build-up of mussels, barnacles and other encrustations from steel, pilings, seawalls, bulkheads and ships. The Barnacle-Off is furnished with a one piece stainless steel housing and attached stainless knockers. The Barnacle-Off moves across the surface, the outside knocker bars shatter barnacles and other heavy growth. The rotating hardened steel cutters follow up with a chipping and scraping action which removes the remaining material, leaving a clean surface. Water passing

through the tool keeps the cutting wheels clean.

Features:

- Attaches to standard pneumatic or hydraulic powered tools
- Removes heavy build-up of mussels, barnacles and other encrustations
- One piece stainless steel housing and attached stainless knockers
- Water passing through the tool keeps the cutting wheels clean
- Ecologically safe since it adds no harmful chemicals to the environment

Specifications:

Housing: 6"
 Underwater use:1,000-2,000 RPM
